Mission

The Linda Lorelle Scholarship Fund, Inc. is a 501(c)(3) non-profit organization dedicated to providing college scholarships, support and

guidance for Houston area high school students in need of financial assistance whose academic and personal potential may be unfulfilled due to circumstances beyond their control.

Philosophy

Research shows that students from difficult backgrounds need more than financial resources to climb out of the cycle of impoverished circumstances and lack of education. In fact, they need:

- Encouragement to continue on to higher education
- Guidance to help them achieve that reality
- Positive ongoing support and role models
- Affirmation of worth
- Financial resources

Our Scholars...

Our Focus

Applications are open to current high school juniors in all Harris and Fort Bend County

Independent School Districts, Private and Charter Schools.

Initial Responsibility

After signing a two-way contractual partnership, LLSF Scholars are committed to work toward their college degrees, completing academic requirements and attending the **Linda Lorelle Scholarship Fund SMART SERIES™**.

Undergraduate Responsibility

During their undergraduate studies, LLSF Scholars are tracked and assisted throughout the college process. In addition to a focus on academic responsibilities, LLSF students are encouraged to be involved on campus, expanding their extracurricular activities and participation in campus and community events including the LLSF events.

Continuing the Legacy

The Scholars' relationship with the LLSF does not end with graduation. Many scholars return to the LLSF as mentors, volunteers, committee members, and passionate advocates for the next generation of scholars.
